GLORIA SAMUEL

Our "Girl Of The Week" Today

Our "Girl Of The Week" today is a visitor who has been spending two wonderful months in sunny Aruba.

GLORIA, a charming name for a charming girl, hails from St. Vincent. She has had a taste of travel before, having already visited Grenada.

## Girl of the Week.

She likes travelling, and has plans for going much further afield.

Gloria is of medium height, slim and seventeen. She has just finished school (St. Vincent Girl's High) and before starting out on a working career decided to have a holiday abroad. While here she has been the guest of Miss H. Matthews of Tankfarm.

On looking at Gloria's slim and graceful figure it is easy to see she is an active girl, and for outdoor recreation she likes netball and sea-bathing. For a hobby she likes stamp collecting. She is also handy in the house, and can manage her way quite well with the cooking and sewing.

Like most young girls, Gloria extremely fond of dancing, and indeed it was at a dancing party that

"The Local" got its first glimpse of her.

Gloria is returning to St. Vincent later this month, after a short stay in Trinidad. Then she will take up the profession of her choice — Nursing. In this she will be following the footsteps of her mother, who is a trained nurse. After a period of preliminary training in St. Vincent she plans to go to England for advanced study and training.

"The Local" wishes Gloria the best of success in her noble and worthy ambition.

### MULTUM IN PARVO

#### The Octo's Tentacle (Lago Club) Pakico?

Si! Pakico? Yes! Why? Why is it that patrons of the Lago Club have to pay 25 cent for an ice container, if they decide to have a few drinks at the Club? Why this exorbitant and superfluous charge? What next would patrons have to pay for? Is the Octo's Group going to charge them for the use of glasses, seating facilities, entrance to the Club, the use of the toilet facilities? This is not only ridiculous, but disgraceful. It is hoped that those in authority would put a stop to this highly unsatisfactory situation.

### "Decency and Comfort"

Every day we talk of Decency and Comfort. A very good topic. But there is no reason why we should not put it into practice. Let's take a look at the toilet facilities in the Mechanical Depart-

## LOCAL NEWS

### LAGO EMPLOYEE DIES AS RESULT OF ACCIDENT.

Robert Koko, Lago instrument man, died at 3.30 a.m. October 1 at Lago Hospital.

He was fatally injured in an explosion following the rupture of a sample cylinder in the rear of Laboratory Nº 3 last Wednesday morning.

Joseph Joubert, who has been in the Hospital for treatment is expected to be released soon, and five others who received minor injuries were back at work the same day.

The reason for the cylinder rupturing is still being investigated.

Mr. Koko, who was from Sto. Domingo, had been with Lago for 11½ years. He was 34, and single.

An impressive funeral procession was witnessed in San Nicolas last Wednesday evening when the body of the late Mr. Roberto Koko was taken to burial.

At 5 p.m. on Wednesday the funeral procession, headed by a brass band and a large turn-out of his fellow-members of the Odd Fellows

Lodge with their banners and regalia, left the Lodge rooms in San Nicolas and wended its way to the St. Theresa Church.

After Catholic ceremonies there, the cortege moved on to the cemetery at Zeewijk, San Nicolas, where the body was interred. The Catholic priests performed the last rites at the graveside.

The masters of the Lodge were not allowed any part in the burial ceremony.

### B.W.I.A. TO STAGE CONCERT AND DANCE.

The newly revived British West Indian Association is planning a grand concert and dance to take place at the Excelsior Brass Band Club on Saturday, October 25, '52. Purpose of the function is to raise funds for a West Indian here who needs extensive medical treatment. Cost of this treatment is estimated at Fls. 3,000 and the Association is endeavouring to raise a sizeable portion of this amount.

Among the performers at the concert will be the ARUBAN BOYS' BAND (a classical orchestra under direction of the fraters in Oranjestad), the Dutch Police Choir, and other well known artistes. In addition, the Association is arranging for the services of Mr. Launie Rock, CURACAO'S OUTSTANDING COMEDIAN!

No concert lover can afford to miss an occasion like this, an patrons are advised to make plans for reserving the date for this gala function. Admission has been set at Fls. 2.50 per person, with a limited number of reserved seats at Fls. 3.00. Tickets can be obtained from members of the Association.

After the concert there will be dancing to the popular band "Orchestra Ritmica."

### WEST INDIAN ASSOCIATION TO MEET.

The newly revived British West Indian Association will hold its monthly meeting on Thursday night

of next week, October 9th., at the Brass Band Club. The meeting will begin at 8 o'clock.

This will not be the welcome meeting for the new consul as originally planned, since the new consul will not be arriving till November. The meeting will, however, discuss plans for the Concert & Dance which is being scheduled for October 25th, and also plans for Remembrance Day observance, Sunday, November 9th.

All West Indians interested in the welfare and progress of the Association are heartily invited to attend.

### MESSRS. HENRIQUEZ AND WEVER ELECTED DEPUTIES.

At a meeting of the Aruba island council held last Tuesday night, Messrs N. E. Henriquez Sr. and Frans de P. Wever were elected deputies.

Another important item on the agenda was the unanimous acceptance of the new traffic regulations for the island. Further news on this matter will be carried in a later edition.

CALENDAR

### ABBA DELEGATION HONORED

During a reception held at the Wilhelmina Stadium last Sunday, Aruba's baseball delegation to Cuba was honored. Among others present were Messrs. Kersten, island council secretary and B. Teagle, Lago's Public Relations manager.

Various speeches were made lauding the purpose and result of the trip and toasts were offered.

### Excelsior Community Brass Band Club

### GRAND DANCE ON SATURDAY, 11 OCTOBER FROM 8 — 2 A.M.

The net receipts will go towards the Junior boys to buy instruments for them.

A brand new band under direction of L. Anthony will dish up the music.

For this occasion Ladies FREE! Gents Fls. 2.00.

Help this worthy cause while you will have a lovely Saturday night.

ROCK LEAVES ARUBA.

Bidding goodbye to Aruba last Wednesday was Mr. Oliver Rock, instructor in Lago's Vocational School. He is en route to France, where he will enter a Paris University to study medicine.

Mr. Rock, who hails from Barbados and was a staff writer of the "Advocate" before going to Aruba in 1948, has proved himself an individual of many accomplishments. A logical thinker, an excellent speaker and talented musician, he placed his abilities at the disposal of the Aruba Community and gave sterling service in many capacities. In this connection, his work in the musical and literary field with the Caribbean Players and the San Nicolas Cultural Club will long be remembered.

Always of a studious nature, his love for laerning did not desert him after his entry to Aruba, and he

pursued his studies with his usual zeal. In a short while he had fairly well mastered the Dutch tongue — one of the few English speaking persons to do so — and his studies in French, began since his days at College in Barbados, were continued to the degree standard of London University. It is this mastery of French that now allows him to enter a French university for medical studies — a rare achievement for an English speaking West Indian.

Mr. Rock was feted by his colleagues of the Lago Vocational School a few days before he left Aruba, and as a mark of appreciation for the four years spent among them they presented him a beautiful "Parker 51" pen and pencil set. His fellow members of the San Nicolas Cultural Club gave him a travelling set as a token of appreciation for his services to the Club in music and literature.

Without a doubt the San Nicolas community of Aruba will be the poorer for his departure. His many friends, and "The Local" with them, will wish Mr. Rock great success in his new endeavors.

S.N.C.C. STAGE FINE PARTY.

The San Nicolas Cultural Club staged a fine party at their meeting place, the French Club, on Friday night of last week.

With the popular "Orchestra Ritmica" in attendance, the members and guests enjoyed dancing to the latest hits. Refreshments were served by members of the club.

All who attended the party have been loud in their praises of a wonderful evening and are inquiring: "When again?" The answer: "Maybe for Christmas."

TWO DIE IN "SHELL" FIRE AT CARDON.

In the large South American refinery of the Shell company at Punta Cardon on the Paraguana Peninsula a fire of tremendous proportion broke out, taking the lives of a British engineer and a Dutch foreman.

Cause of the fire, it is believed, was a short circuit. The switchroom of the Powerhouse was destroyed.

According to spokesmen of the Cardon refinery, operations may have to be interrupted for some time.

## SPORT.

### K. O. COMPETITION NEARS COMPLETION.

Korfbal.

On Thursday night a large number of korfbal fans was present at the Lago Heights Sport field to see TOF take a 3—1 win from San Nicolas Jrs. in the semi-final of the korfbal knock-out competition.

Next Thursday night the final will be played with TOF meeting Sparta. The match promises to be very exciting and, no doubt, fans will show up in large numbers.

### JUNIOR LEAGUE BASEBALL

#### LOS INDIOS DEFEAT BABY RUTH 5—2.

Los Indios defeated Baby Ruth 5—2 on 4 hits and 3 errors as against 2 hits and a fumble.

Violenus and Nedd of Los Indios collected 1 for 2 each, while Ellis and Illidge got 1 for 1.

#### LOCAL TROUNCE INDIANS JUNIORS 1—0.

*Local's Chune Wilson pitches a no run no hitter in Junior League; Strikes out 7.*

Thursday afternoon the LOCAL's Junior team went into action against the Indians Jrs. and won 1—0. This lone run was scored in the first when Papin got base on balls, advanced on a balk and scored on a rollin to short who fumbled.

### BOXING

GAVILAN

DEFENDS TITLE TONIGHT

Tonight, Saturday October 4, world welterweight champion Kid Gavilan defend his title in

his native Cuba against US Billy Graham.

Both boys are in excellent condition and a tough fight is anticipated, with Gavilan favored to win.

Venezuela is trying to arrange a bout between Gavilan and Jose Alberto Diaz in Caracas following the Cuban's title defense. The title, if Gavilan still holds it, will not be at stake against Diaz.

### CHARLES FIGHTS BRION

Former world heavyweight champion Ezzard Charles will meet Argentina's Cesar Brion in a 10-rounder on October 24 at Madison Square Garden. Charles is seeking a crack at Rocky Marciano, the new champ, in an attempt to regain the title he once held.

### INTERIM CHAMPIONSHIP FIGHT

The National Boxing Association announced this week that the winner of the Ray Famechon — Percy Basset fight will be recognized as interim featherweight champion of the world until the return from the army of champion Sandy Saddler.

### WILLY PEP IN ACTION.

Clever former featherweight champ Willy Pep after a long delay won an unanimous decision over Canadian lightweight champion Armand Savoie in a ten rounder at the Chicago Stadium on Wednesday last.

## BASEBALL

### ACE EDGE WHITE SOX 8-7 IN TEN.

Saturday afternoon Ace took a surprising 8-7 victory from the White Sox before a packed stadium. Benshop scored in the second on Da Silva's single and in the eight, along with Gittens and Coffi scored on 2 base on balls, an error on short and a single by Angela.

Herman Abraham scored in the ninth on a single and error, and in the tenth DeAbreu and Coffi scored on two hits, a ride and an error on the right field.

Ace started late in the third and scored R. Harms on a pass ball, Orlando came home on a single to right field in the fourth. Not until the eighth inning did E. Harms, Winterdaal and another baserunner score on two base on balls and two singles. In the tenth Geerman, d'Aguiar, Larmonie, Orlando and E. Harms scored on three base on balls and two singles to win 8-7.

### NASH DEFEAT MEDICAL IN OPENING GAME.

Sunday morning last, a large crowd attended the Lago Sport Park to witness the opening of the 1952 Baseball A-class series. Nash took an easy victory from their less experienced opponents 20-7.

Despite Medical's defeat, it is believed that they will give a much better display throughout the competition. Bennie Geerman was Medical's best batter with 3 for 5 while Jermain scored most of the runs for Nash.

Photo

H. Roomer

Photo corners

in FOUR colors

During the game, it was discovered that Nash infringed one of the ground rules and this game is being protested.

### CHESTERFIELD DEFEAT LOS THIELSON'S 8-6 IN THRILLER.

Sunday afternoon the Lago Sport Park was packed to witness the new San Nicolas team "Los Thielson's" challenge Chesterfield, who won 8-6 in a keenly contested game.

Losing Pitcher De Palm fanned 14 and gave up 6 hits, while Los Thielson's collected 7 hits.

Bennet and De Palm were the best batters with 2 for 2 and 2 for 4 respectively, while for Chesterfield, Daal booked a 2 for 2.

Chesterfield's best inning was the fourth when Daal, Romney and Paul scored. In the Fifth, with the score 6-3 in favor of Chesterfield, Los Thielson's had loaded bases, but only scored one run when Training's first sacker took a beautiful shoe string catch to make the third out.

1-0 lead from Jong Aruba before the match was stopped because of darkness with 14 minutes left to play.

The committee has not decided whether the remaining minutes will be played at a later date.

Should it turn out that this victory by Sparta will be the deciding factor in the final standings, the teams will be called back into the field to finish the match. However if it is found that the win would make little or no difference in the final outcome, the match will be considered finished.

Tomorrow at 5 p.m., Flash meets Noord Centraal. Giving Sparta credit for last Sunday's win, the competition standing to date is as follows:

Team	P	W	L	D	Pts.
Flash	3	2	—	1	5
Sparta	3	2	1	—	4
Jong Aruba	3	—	1	2	2
S. N. Jrs.	2	1	1	—	2
TOF	2	—	1	1	1
Nrd Centraal	1	—	1	—	0

### EGYPT.

Over the last week end, the powerful Wafd Party refused to submit to Government regulations under which the party was supposed to purge from its ranks all grafters and present a reorganized listing to the Government.

In announcing the decision not to abide with Government regulations, Ibrahim Farag, a former cabinet minister, said the party would continue its activities.

Since the party cannot continue officially, it is felt that the party, after thirty three years of dominant activity might go underground.

The Wafdist party was organized in 1919 and has been in office six times. Following the Army coup in July, the party became the chief target of the charges made by the Army of graft, bribery and abuses of power. In a round up of leading politicians accused, the party's strong man, Fuad Serag Eddin and other leaders were arrested. The acknowledged leader of the party,

Nahas, Premier from 1950 until early 1952, was not arrested, but the Government demanded that he be expelled from the party. The party rather than depose Nahas as its leader, has decided to disband. It will be recalled that Nahas was dismissed by Ex-King Farouk for failing to keep order during the disturbances between Egyptians and British troops in the Canal zone in January.

### MOSCOW.

The United States Ambassador to Moscow, Mr. George F. Kennan, has been the subject of attacks from the Soviet Press. Mr. Kennan, while in Berlin on September 19, 1952, told reporters that contacts between Americans and the Russian people in Moscow had been reduced to the zero point.

The attacks have been so strong that experts on Russia feel that the Kremlin might force the United States to remove Mr. Kennan as envoy. This feeling is based on the fact that the Soviet reflects only views approved by the Government and several papers have hinted at the removal of the ambassador.

### TURKEY.

Yugoslav General Pavle Yaktchitch, head of a military mission visiting Turkey, in a statement to Turkish reporters at Ankara airfield, said that his country will stand side by side with Turkey in the event of an attack.

The Yugoslav mission had just arrived from Athens, Greece where it had joined in talks with Greek Military chiefs for defense of that country. In speaking of their efforts in Greece, the Yugoslav General said it was very important for his country to reach an agreement with Turkey and Greece. Such an agreement would not be directed against anyone, but if we are ever attacked we will defend ourselves with all our strength. He firmly believed that if Turkey is at

tacked she has the power of defending herself alone, however, he wanted to add that in the event of an attack, the Yugoslav nation will be a friend standing side by side when Turkey fights for her defence.

### EAST GERMANY.

The Communists are preparing for a series of war games as a prelude to gigantic army manoeuvres. Soviet engineers have been setting up bridges, etc. over the Elbe River within artillery range of West Germany.

The engineer phase is being carried out with platoon and company units. However, regiments and division teams are moving up to areas in Saxony and Mecklenburg.

### MEXICO.

On Wednesday Emilio Arellano Schetelige, 48, businessman, was arrested in connection with the bombing of a Mexican airline last Wednesday.

The police had been looking for Emilio to explain why he took out \$ 240,000 in insurance, policies on seven persons aboard the 'plane.

A time bomb on the 'plane exploded soon after it had taken off

from Mexico city, blowing out one side of the 'plane and endangering the lives of 20 persons on board. The pilot made an emergency landing but two California tourists among the passengers were injured as a result of the explosion.

### AUSTRIA.

Russia has refused to discuss the Western powers proposal for an abbreviated state treaty that would have provided for the withdrawal of all occupation troops.

This short treaty was proposed by the three western powers when Russia failed to meet for the 258th big four discussion of the full treaty in January this year.

Austrian Government officials believe that the Russians have no desire to leave Austria especially since by keeping troops in Austria the Russians have an important bridgehead in the West. At the present time they are approximately 44,000 Russian troops in the Russian Zone, and this refusal by Russia will force the British, French and Americans to keep their troops in their zones indefinitely.

In the meantime, the deputies of the Foreign ministers of the three western powers met in London to

figure out next steps in the search for an Austrian independence Pact. A spokesman of the Western powers said that the conclusion is inescapable that the Soviet Government is not yet prepared to accept an Austrian treaty. The exploitation of Austria in the first seven years of the occupation has proved too profitable for the Soviet Government

#### WEST GERMANY.

Mr. Jacob Kaiser, Minister for all German affairs, in a statement, declared that there is no possibility of East West German discussions over the unification for this divided country.

In an address beamed to East Germany, he said that the recent visit of a Communist East German delegation cannot be considered by our people as a positive element for the reunification of our country. No one among the German people can have anything to do with the men in Pankow, the Communist controlled East German Government.

His remarks about the Communist delegation made it clear that the Bonn Government will give no serious consideration to the proposals made by the East Germans.

#### CANADA.

Tenders will soon be issued for one of the greatest industrial projects ever to be undertaken. The St. Lawrence Seaway and Power Scheme, which will cost more than

\$ 600,000,000 U. S., which by linking the Great Lakes of North America with the Atlantic through a series of locks and canals will allow the world's largest freight carrying ship to sail into the heart of Canada.

Engineers and planners have dreamed of the St. Lawrence Seaway for many years.

The Canadian Government has always been anxious to see it started, but the American Government has not been enthusiastic although it would benefit the United States almost as much as Canada.

Canada now feels that she can undertake the financing of the scheme on her own and recently invited

the United States Government to cooperate in carrying the scheme through. While the U.S. Government expressed its desire to participate, energetic lobbying by interested parties prevent that Government from taking an active part.

British engineers are in Canada examining the plans, and German, Dutch, Italian and French companies have made enquires in order to made a bid. Great Britain is making a determined bid to get a good portion of this trade and to ensure that British machinery and technicians will be used on the project. Although officially the United States is not taking part in the project, Americans are also working on the project.

liation "for the present" last Saturday.

Holding hands and acting every bit like newly weds, their estrangement of over one year ended at a press conference in their suburban Paris villa, after they had slept under the same roof for two days.

The day before Aly had told newsmen that "my wife — Rita Hayworth — will stay in bed today nursing a cold."

Rita said her plans for getting a divorce are off. "for the present" while Aly, tossing about his "darling" and "cherie" said they had always been "very good friends".

After the reporters had their news, Aly looked around and said "we should have champagne for everyone on a day like today" and added when cameramen asked Rita for a picture "come on, darling we are now going to play Romeo and Juliet."

**GOVERNOR DESIGNATE.**

An announcement was made from the Colonial Office in London last week that Sir Alfred Savage, Governor of Barbados, has been designated Governor of British Guiana. Sir Alfred succeeds Sir Charles Wolley who retired last month.

Sir Alfred, who is 49, was appointed Governor of Barbados in 1949, after serving the Colonial Office in Palestine and Africa. He is to assume his new duties early next year.

**MAN SHOTS TWO; THEN SELF.**

Harold Kellman, a 24-year old carpenter of Stevens street East Coast Demerara B.W.I. shot dead his 19-year old wife and her 74-year old grandmother on Sept. 19th., set fire to the house, and after it was burned to the ground shot himself.

Kellman was married a year ago, but because of alleged maltreatment his wife had left him and returned to her parents. Kellman wrote her several threatening let-

ters demanding her return, and was one night during the week previous to the murder detained in custody for molesting the family. It is alleged that he wrote on an almanac in a tailor's shop: "Boys, after September 19th you won't see me."

About one o'clock on the morning of September 19th Kellman forced his way into the house where his wife was staying, took out his year-old daughter, and then returned and shot his wife and her grandmother. His wife's parents escaped by jumping through a win-

dow, while her 12-year old brother survived by hiding under the bed.

Kellman then pulled out the dead bodies into the yard and set fire to the house.

As the last portion fell to the ground, he said to the crowd that had gathered: "The whole thing is finished." He then shot himself in the abdomen. He was rushed to the hospital at Georgetown eight miles away, but died twenty minutes after admission.

**B. G. DEFEATS BRAZIL IN SOCCER.**

British Guiana won the soccer "test" series from the visiting Boa Vista team of Brazil by winning the final game two Saturdays ago 2—1, the last goal being scored five minutes before close of play.

The two previous tests ended love-all and one-all.

Large crowds witnessed all the tests and saw some very interesting soccer, with the Brazilians playing a clever passing game but lacking

the ability to shoot. The Guianese gave a good all round performance, especially in defence.

### JAMAICA CRICKET TEAM TO VISIT.

A Jamaica cricket team is scheduled to arrive in British Guiana on October 6th to play two tests against the Guianese cricketers.

Included in the Jamaica team will be the West Indies internationals Rae, Rickards and Valentine. Rae, left-hand W. I. opening batsman, is skipper of the team.

## Glimpses from the New World

### GRIM REMINDERS OF THE ATOMIC AGE

*New York (Vaz Dias)* — Car-owners renewing their driving licenses, are now receiving a printed warning to the effect that in the event of enemy attack on any city, no private vehicles may be operated without permission of the Civil Defense Director. The Civil Defense Administration also has just put on sale for \$1.- a manual on how to build a home or other building which may withstand an atomic blast. The suggested window-less

According to the manual, occupants and equipment are completely protected, provided the building is not located squarely in the "bulls-eye" area.

### FORD JUBILEE

*Dearborn (Vaz Dias)* — Fifty years of automotive history will be celebrated next June by the Ford Motor Company. As preparations for the anniversary get under way the Company looks back to a modest beginning in 1903 when with a small capital and a handful of employees

some 1700 cars at low prices were turned out during that first year. Growing rapidly, Ford Motor Company now can boast a total production of over 39 million cars and 1,500,000 farms tractors. Moving to increasingly larger sites, Henry Ford, the founder of the Company finally established headquarters near the place of his birth, Dearborn. After his death in 1945, his grandson Henry Ford II became President of the gigantic enterprise and while the Rouge plant today represents the biggest single privately owned industrial center in the world, Ford Motor Company has ramifications throughout the U.S. and subsidiaries all over the world.

SUIT SKIRTS are either slim or full this season, but whatever the hemline width, softness and femininity are the theme song. This suit won by lovely Colleen Miller, appearing in RKO Radio's "The Las Vegas Story", a Howard Hughes' presentation, achieves gentle skirt fullness through clusters of pleats. Suit is in navy-worsted with a navy and white plaid jacket.

**OPPORTUNITY FOR LATIN AMERICA**

*New York (Vaz Dias)* — The raw material needs of the U.S., already running ahead of domestic supplies promise to widen the gap by leaps and bounds during the next 25 years, thus offering Latin America a golden opportunity to expand her role as a key U.S. supplier. This is made clear in the September issue of Latin-American Business Highlights, the quarterly review of the Chase National Bank of New York. Referring to the conclusions of the Paley Commission — appointed by President Truman to study U.S. long-range raw material needs — the review points out that total production of the U.S. economy should double in the next 25 years, while U.S. Food consumption should rise by 42%; to support this growth U.S. imports of materials other than food and gold must increase threefold. Latin America can almost double her exports to the U.S. by 1971 — with a corresponding boost in dollars earnings — by expanding her output of raw materials in line with growing U.S. needs. Out of total shipments valued at \$3.30 billion in 1951, Latin America exports of food and industrial raw materials to the U.S. ran to \$3.25 billion. By

following a program of expanding output, the Chase National Bank's Review contends Latin America could raise this figure during the next 25 years to more than \$5.5 billion at today's prices. But if this expansion is to be realized, capital investment of such magnitude will be required that sizable inflows of foreign funds will be needed to supplement investments from Latin-American sources. Thus, to provide for its own future needs, the U.S. should promote capital investments in the southern republics, according to the Chase. The Highlights also singles out for special mention the remarkable improvement in living standards achieved by Puerto Rico during the past decade. It calls the 70% rise in Puerto Rico living standards an outstanding

economic record for an area with one of the world's fastest growing populations.

**MUSHROOMING HOUSE ORGANS**

*New York (Vaz Dias)* - American management is now spending some \$600,000,000 annually on so called "house organs" chief purpose is to tell employees about the company where they earn a living. The 8,000 company magazines being published in this country have a total circulation of 150 million which is more than all the daily newspapers of the U.S.A. combined. Ranging from mimeographed one-sheet bulletins to full-sized, slick magazines, the house organ has proven to boost morale, improve labor-management relations, reduce absenteeism and increase production. Many large corporations publish more than one house organ; in fact, for some the sky seems the limit. E.I. du Pont de Nemours boast of an

array of 75 different company magazines, while the Standard Oil Company of New Jersey has the sizeable number of 35 organs, many of them in every way as beautiful and care fully edited as the most glamorous commercial magazines. Some company magazines are intended for distributors and retailers and a few cater to the consumer, not only in the U.S. but abroad as well. The house organ of the United Fruit Cy for instance is published in

both English and Spanish. Among company magazines with wide distribution is the "Ford Times" of the Ford Motor Company which has a circulation of close to a million and a half. In this presidential election year most house organs are cooperating in a drive to get the readers to do their civic duty by registering and voting in November. The campaign is sponsored by the International Council of Industrial Editors which has 2500 members-editors in the U.S. and the British Commonwealth.

happiness of all.

In answer to the second question the majority expresses the opinion that money means too much power, and leads to easy jobs for politicians. Distrust in money leads to insecurity of the individual. Stability in currency is a necessity for a reliable way of living. Governments must not spend more than they can reasonably raise by taxation.

The last question touches an enormous problem. Uniting all mankind is an almost hopeless task, but the answers agree that the leaders of business and industry are able to improve world conditions by creating a community spirit among their emplo-

### FIVE YEAR PLAN FOR HUMAN HAPPINESS

London (Vaz Dias) - The last number of the Quaterly World Review, issued by J.K. Smit & Sons, Ltd., Industrial Diamond Merchants of London, is entirely dedicated to three questions and their answers from South Africa, Sweden, Spain, The Netherlands, Indonesia, Mexico, Great Britain, Canada, Australia, U.S.A. and Germany.

The questions were:

1. What can the individual do — particularly one who is a leader of business or industry — for the happiness of mankind?
2. Is not distrust in money and politicians the principal reason for the disturbance of the welfare of mankind?
3. Should not the individual try to contribute his share to improve world conditions and to shake hands even over the Iron Curtain?

The replies to this "broad and complex subject" show a great deal of variation. The feeling of insecurity which reigns all over the world, militates against happiness, which, moreover, misses an universal foundation. If, however, leaders of business and industry would devote talents to the advancement of their less fortunate fellowmen, beginning in their own surroundings, this would be a good start for

yees by adopting an attitude of friendship and cooperation towards them. The only consolation for everybody is work and to create an optimistic point of view of life.

About the possibility of shaking hands over the Iron Curtain all answers are pessimistic. Johan J. Smit of New Jersey, USA, the composer of the questions and compiler of the answers, comes forward with a Five Year Plan, according to which industrialists, instead of building war material, will offer to the countries behind the Iron Curtain to supply them at cost price 10% of the productions, under the condition that the idea of world domination is given up and that there should be an international exchange of goods, food and raw material. Economists will have to help through the World Bank.

**FIVE KILLED IN REVOLT.**

VENEZUELA — Five persons were killed and 10 other wounded in the second unsuccessful revolt in a year led by the outlawed Democratic Action party and Communist elements authorities said Tuesday.

In a communique the Venezuelan Junta, composed of a civilian and two military leaders, said also that an undisclosed number of persons were arrested.

Absolute quiet was reported in all army garrisons, the communique said.

*The uprising began at the Boca Del Rio air force base at Maracay,*

*near the capital of Caracas, the communique said. The attack on the air base was put down immediately.*

"Armed civilians" also attacked armed forces posts on a collective farm in Turen, in central Venezuela, the communique said. In a short fight one soldier and four civilians were killed and 10 civilians wounded, before the rebels were driven off.

A "substantial number" of rebels were arrested and others were being hunted, the government said.

The national information office said the rebels were mostly civilian members of the outlawed Democratic Action party and Communists.

**SPORT**

**BASEBALL**

**CUBA COPS TITLE**

In the recently held world amateur baseball series, the Cubans came on top to win the world championship with Santo Domingo runner up. The victory came in the 11th inning of the Cubans' match against Venezuela which the hosts won 5-4.

Venezuela held Cuba down 2-0 up to the bottom of the ninth, when Cuba tied the game 2-2. Back at bat in the 10th, the Venezuelans again brought in 2 runs to take a 4-2 lead. Cuba retaliated with 2 in the bottom. The top of the eleventh remained scoreless for Venezuela, and Cuba in the bottom scored 1 run to cop the honors.

**WORLD SERIES GET UNDER WAY**

Last Wednesday, October 1, a jampacked house at Ebbs field, plus million of TV viewers saw the Dodgers of Brooklyn defeat the NY Yankees 4-2 in an exciting opening game of the 1952 world series. The first run of the series was made by the Dodgers' Jackie Robinson who slammed a homer in the 2nd.

Following suit, the Yank's McDougald tied the score, also with a home run, in the 3rd.

The 6th inning ended with 2 more runs for the Dodgers when Duke Snider hit a homer with Reese on base. In the top of the 8th Woodling, pinch hitting for Allie Reynolds, hit a three bagger and scored on a long drive -- score 3-2. With tension high, the Dodgers came through the remainder of the 8 top unharmed and then went in to bat. With two outs, skipper Pee Wee Reese connected another homer to up the score 4-2 in favor of the Dodgers. The ninth went by without damage on either side, and leaving the Dodgers the victors in the opening match.

\* \* \*

The N. Y. Yankees won the second game by a score of 7-1 last Thursday. The Dodgers lone run was scored in the 3rd inning.

The Yanks scored 1 in the 4th and 1 in the 5th.

In the 6th, the Yankees scored 5 big runs, 3 of them were scored on Billy Martins homer.

Vic Raschi allowed only 4 hits and one run. The losing pitcher was Etskine, who was relieved in the sixth by Billy Lous.

This is the fourth time that the Yankees have clinched the pennant in succession and they are now battling for a record-tying fourth straight world championship. Brooklyn fans are convinced, however, that a Yankee victory is out of the question this time, and it appears that they may have a point. Well, let's wait and see.

"Willemstad" was Mr. Cecil Gray of Lago Heights B. Q., and until recently employed in Lago's Technical Service Department.

Mr. Gray, who is a British Guianese, came to Aruba in 1944 and spent all his service with the Company in the T. S. D. and was highly esteemed for his diligent attitude towards his work.

Of a quiet but friendly disposition, Cecil had a genuine regard for his friends, and they in turn appreciated this characteristic.

The call has come to him, as it has to a number of other young men in the Lago in recent years, to leave Aruba and venture further afield. Long an ardent amateur photographer, he plans to go to the U.S.A and further his studies in this line to the professional stage.

He begs through this medium to say "Au Revoir" to his many friends and acquaintance in Aruba, and takes away very pleasant memories of his eight years stay here.

"The Local" joins in wishing Cecil all success in his new career.

**BIRTHDAY GREETINGS**

On Saturday, September 27th. Mrs. M. Zegerink, wife of Mr. Zegerink, celebrated another birthday. Many of Mrs. Zegerink's friends dropped to wish

her "many happy returns of the day".

Meanwhile Willy and Marga have their journey to the Ryff-mountains. They have excellent maps and Rob has pointed out, where about the entrance to the tunnel might be. Inspector Rogers has provided a good guide, a reliable Arab. The journey is made on camels. In

the beginning they have to get used to the swaying of the camel-backs but that doesn't take long. The guide keeps a watchful eye, his rifle ready to shoot, in case danger might appear. The landscape is wild and the sun scorches the rocks unmercifully. Four days the jour-

ney has lasted already, but according to the maps, they must now almost have reached their goal. Marga again studies the picture of Harries' map and says: "That chain of mountains must enclose the entrance to the tunnel. Now we'll proceed carefully!"
